INTERGOVERNMENTAL REVIEW

CLEARINGHOUSE REPORT

MAY 1 - 15, 2004

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **May 01 through May 15, 2004**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **May 31, 2004**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address:	Southern California Association of Governments Intergovernmental Review Section 818 West Seventh Street, 12 th Floor Los Angeles, CA 90017-3435
Telephone:	(213) 236-1800
Fax:	(213) 236-1962

Contact: Kevin McSweeney - (805) 524-1500
Comment Due Date: 6/4/2004

Project Description: The objectives of the proposed Water Recycling Plant (WRP) are:

- Construct and operate a wastewater treatment plant that is capable of producing treated effluent in compliance with RWQCB WDR and unrestricted Title 22 requirements.
- Fully protect the WRP from potential 100-year floods.
- Provide wastewater treatment and effluent management capacity adequate to meet both the short and long-term needs of City of Fillmore residents through 2025.
- Maintain an efficient, cost effective and high quality wastewater treatment plant that meets the existing and future water recycling needs of the City and adjacent agricultural uses.
- Produce treated effluent, which meet Title 22 water quality standards for reuse in water recycling and water disposal projects identified by the City.
- Produce treated effluent that has negligible affects on the water quality and/or quantity of the FGB.
- Minimize adverse environmental impacts associated with the construction and operation of the WRP.

The proposed WRP would be constructed at a new plant location approximately 2,00 feet downstream (west) of the existing WRP along "E" Street, south of State Route (SR) 126. The proposed plant site is located outside the City's corporate boundary unincorporated Ventura County, and within the City's Sphere of Influence.
